

April 14, 2016 Project Meeting Gibraltar-Skillman

Alex Nelson – Gibraltar

Scott Cherry – Skillman Corporation

Dr. Frataccia, Dr. Lauck, Todd VanKeppel, Lisa Frankus – VCS

Cooks Corners and Memorial Gym Box

Alex reported that the gymnasium additions also include the stage and market areas. He provided photographs of a building they used part brick and part pre-cast in construction. The pre-cast material is a good value and is durable. The brick will match the existing brick at the schools.

New Elementary School

Construction of the new school should be complete and ready for students in time for the 2017-18 school year. Elementary students living south of 30 will attend the new elementary school beginning in 2017-18. A discussion was held regarding the timeline and movement of students between elementary schools. Students from Central Elementary can be moved to the old Hayes Leonard building for the 2017-18 school year, which will leave Central vacant for renovations. Scott explained that the timeline for the projects is part of the bid process and movement of students will be planned accordingly.

Groundbreaking

The groundbreaking ceremony is scheduled for 4:00 p.m. on April 21, 2016, immediately preceding the Board meeting. Scott will call the Sheriff for traffic control on April 21, 2016. Skillman has shovels for photographs and they will have a commemorative shovel for the district to keep.

Board Meeting

Agenda items include:

- 1) Boiler replacement at Central Elementary
- 2) Board consideration to approve contractor bid for Gym additions at Memorial and Cooks Corners. Project work estimated completion date is December 2016.
- 3) Board consideration to approve contractor bid for TJMS Fieldhouse floor replacement and VHS Gymnastics pit.
- 4) Board consideration to approve contractor bid for track resurfacing at TJM and BFM.
- 5) Board consideration to advertise for bids to remove flooring at TJMS Fieldhouse and Asbestos abatement at VHS

Misc.

Todd verified that Schlage key systems would be used district-wide.
